Senior Sashes and Scholarships!!!

An Interview with Trevor Denier

Teacher of the Year - Mrs. Garner

TEACHER FOR BLAH BLAH BLAH YEARS

On behalf of our all of our students and advisors, we would like to give a huge congratulations to Mrs. Garner for being awarded teacher of the year! Mrs. Garner has been teaching for Liberty Ranch since it opened and is one of the main reason why we have an FFA chapter today. She puts in so much effort and makes all of her floriculture and horticulture classes enjoyable for students. We are so incredibly proud of her and forever grateful for all the hard work she does for all of her students!!!

LIBERTY RANCH FFA

End of the Year Live Recognition Event! ~

MAY 19TH, 2021 6:00PM

Seniors! Have you been awarded a scholarship? Let us know! Please email Mrs. Garner at **mgarner@ghsd.k12.ca.us**

Seniors!! Did you order your senior sashes? Well don't forget to pay and pick them up. We must receive payment by Friday, May 7th. If payment is not received, you will not get your order and the cost of what you ordered will be added to your fines list with the office!

Please bring payment directly to Mrs. Porter in Room 603 any school day between 8am-3pm.

Checks need to be made out to LRHS FFA. Checks and Cash are accepted.

Forgot how much you owe- see the Monday Update!

An interview with Trevor Denier about the Mccaffery Farm sign -

(SENIOR) - 4 YEARS WITH THE AG. DEPARTMENT

Q- What is this McCaffery sign, what is it for?

A -The McCaffery farm sign is a large display that lets the community know what the farm is and that its there. When people walk or drive by the street they see an orchard/vineyard but they don't know what it is or who is responsible for it. It's between a plot of land between McCaffery and Liberty Ranch, so it can be very confusing. The sign is to give people information about what it is and also to give insight into our future aims and to be connected with the McCaffery middle school.

Q- How did you get started?

A- I wanted to be a part of the legacy of the McCaffery farm because I know it has a bright future ahead. I can tell we are going to build an amazing discovery FFA program with that. Something as small as a sign can leave a lasting impact on the community. Once I started planning and putting it into motion, the sign really started gaining momentum and the word behind it started getting more impactful and influential as the days went on.

Q- What has been the most challenging?

A- I think one of the most challenging parts was the logistics that go on behind the scenes, such as how big is the sign, what specifically will it look like, what colors are we going to use. And that going into the production was not as specific as maybe it should have been, but it still ended up to be a very well-made project.

Q - What has been most fun/ memorable part of this project?

A- I think the most fun or memorable aspect of this sign is the amount of support I've had. Mrs. Garner has been super supportive about the sign and Mr. Feurbach's "let's get to work already attitude" has been very helpful. When I gave my proposal, they had nothing bad to say about it, they said it was perfect, that it was a great idea and well thought out. Going through the process, and just spreading the message is probably the most fun aspect of the project.

Q -Any last remarks?

A- I'm super excited for the sign to be installed. I don't think we know when the sign will be installed, but I will be here to be a part of it and also invite more members of the community to be a part of it. :)

The end.
