MEMBER HIGHLIGHTS!

Congratulations to Itzel Zavala and Mackenzie Frazier!!

Itzel Zavala -

Itzel is always on top of all her work and always looking for ways to help her friends and advisors. Itzel is in Multiple Ag. classes and she is always willing to step up and share or talk about the subject at hand. She is a current chapter officer and is a boon to our chapter with the creative perspective and help she provides.

Mackenzie Frazier -

Mackenzie has been an amazing role model for her peers in Ag. Biology class and on her Opening and Closing team. Mackenzie leads her team and does an amazing job in competition. On top of that, 'Kenzie joined the Novice Parliamentary Procedure Team, earned her Greenhand FFA Degree, and is taking a pig to the Sacramento County Fair. We are all looking forward to watching Mackenzie succeed in through her future in FFA!

Personal Growth Challenge

This challenge pushes students to showcase their SAE with a video under 2 minutes long. This video should describe the basics of the SAE, what common activities are done during the week, and what is being planned down the road. Each video will be competing against the other videos submitted. We will be looking for videos that are well thought out, polished, and demonstrate an excellent SAE. The winner of this week's challenge will win a free t-shirt. Make sure to do your best to get to the top. Remember, making videos to demonstrate your excellence in a skill is extremely useful. Here's an opportunity to practice this skill now!
